Input by civil society organisations to the Asylum Report 2023

Dear Colleagues,

The production of the Asylum Report 2023 is currently underway. The annual Asylum Report series presents a comprehensive overview of developments in the field of asylum at the regional and national levels.

The report includes information and perspectives from various stakeholders, including experts from EU+ countries, civil society organisations, UNHCR and researchers. To this end, we invite you, our partners from civil society, academia and research institutions, to share with us your reporting on developments in asylum law, policies or practices in 2022 (and early 2023) by topic as presented in the online survey.

Please note that the Asylum Report does not seek to describe national systems in detail but rather to present key developments of the past year, including improvements and challenges which remain. Your input can cover practices of a specific EU+ country or the EU as a whole. You can complete all or only some of the sections.

All submissions are publicly accessible. For transparency, 2023 contributions will be published on the EUAA webpage. For reference, contributions to the 2022 Asylum Report by civil society organisations can be accessed here, under 'Acknowledgements'. All contributions should be appropriately referenced. You may include links to supporting material, such as analytical studies, articles, reports, websites, press releases or position papers. If your organisation does not produce any publications, please make reference to other published materials, such as joint statements issued with other organisations. Some sources of information may be in a language other than English. In this case, please cite the original language and, if possible, provide one to two sentences describing the key messages in English.

The content of the Asylum Report is subject to terms of reference and volume limitations. Contributions from civil society organisations feed into EUAA’s work in multiple ways and inform reports and analyses beyond the Asylum Report.

Your input matters to us and will be much appreciated!

*Please complete the online survey and submit your contribution to the Asylum Report 2023 by Friday, 3 February 2023.*

Contributions by topic

1. Access to territory and access to the asylum procedure (including first arrival to territory and registration, arrival at the border, application of the non-refoulement principle, the right to first response (shelter, food, medical treatment) and issues regarding border guards)

2. Access to information and legal assistance (including counselling and representation)

3. Provision of interpretation services (e.g. introduction of innovative methods for interpretation, increase/decrease in the number of languages available, change in qualifications required for interpreters)
Desde el origen de Accem y dado el contexto de trabajo especializado con personas solicitantes de asilo, refugio y migrantes, la entidad tuvo muy clara la importancia de disponer de un servicio de interpretación y traducción propio que facilitara las comunicaciones con las personas, en su propio idioma o dialecto, y garantizase la calidad de los intercambios de información, para que pudieran tomar decisiones informadas y conscientes.

Para llevar a cabo el servicio, se cuenta con una red de más de 1500 colaboradores, que nos permite cubrir la práctica totalidad de idiomas/dialectos demandados. La atención de calidad del servicio es su seña de identidad, por ello, siempre que es posible, se toma en cuenta el género a la hora de asignar el intérprete más adecuado. En línea con el contexto humanitario de 2022, los idiomas más demandados a nivel nacional han sido: ucraniano, árabe (dariyha), Bambara, wolof, ruso, dari y francés y las nacionalidades más atendidas: Ucrania, Marruecos, Mali y Senegal.

Hemos mantenido la presencia del servicio con los financiadores históricos de la entidad (Ministerio de Inclusión y Seguridad Social), además de los programas autonómicos. Este año, en respuesta a las nuevas demandas y necesidades hemos dado soporte con equipos de intérpretes y traductores a otras instituciones especializadas en asilo y atención a personas vulnerables:

- Servicio de interpretación de Canarias. Con un equipo formado por 13 profesionales distribuidos/as en Gran Canaria, Fuerteventura, Lanzarote y Tenerife, que ha realizado interpretaciones presenciales y online en diferentes lenguas: árabe, dariyha, wolof, francés, soninke, bambara, pular, mandinga, fula, djula, inglés, bereber y hassania.
- Servicio de interpretación de ucraniano formado por 4 profesionales que dan soporte en Alicante, Barcelona, Málaga y Madrid.
