

**Contributions to the EUAA Asylum Report 2024:  
Share your publications with us**

The production of the Asylum Report 2024 is currently underway. The annual Asylum Report series presents a comprehensive overview of developments in the field of asylum at the regional and national levels.

The report includes information and perspectives from various stakeholders, including experts from EU+ countries, civil society organisations, researchers and UNHCR. To this end, we invite you, our partners from civil society, academia and research institutions, to share with us your reporting on developments in asylum law, policies or practices in 2023 by topic as presented in the online survey ('Part A' of the form).

We also invite you to share with us any publications your organisation has produced throughout 2023 on issues related to asylum in EU+ countries. These may be reports, articles, recommendations to national authorities or EU institutions, open letters and analytical outputs ('Part B' of the form).

Your input can cover information for a specific EU+ country or the EU as a whole. You can complete all or only some of the sections.

Please note that the Asylum Report does not seek to describe national systems in detail but rather to present key developments of the past year, including improvements and challenges which remain.

All submissions are publicly accessible. For transparency, contributions will be published on the EUAA webpage. For reference, contributions to the 2023 Asylum Report by civil society organisations can be accessed here, under 'Acknowledgements'. All contributions should be appropriately referenced. You may include links to supporting material, such as analytical studies, articles, reports, websites, press releases or position papers. If your organisation does not produce any publications, please make reference to other published materials, such as joint statements issued with other organisations. Some sources of information may be in a language other than English. In this case, please cite the original language and, if possible, provide one to two sentences describing the key messages in English.

The content of the Asylum Report is subject to terms of reference and volume limitations. Contributions from civil society organisations feed into EUAA's work in multiple ways and inform reports and analyses beyond the Asylum Report.

Your input matters to us and will be much appreciated!

\*Please submit your contribution to the Asylum Report 2024 by Thursday, 30 November 2023.\*

**Name of organization**

European Council on Refugees and Exiles (ECRE)
