

Input by civil society organisations to the Asylum Report 2026

Fields marked with * are mandatory.

Dear Colleagues,

The production of the Asylum Report 2026 is currently underway. The annual [Asylum Report](#) presents an overview of developments in the field of international protection in Europe.

The report includes information and perspectives from various stakeholders, including experts from EU+ countries, civil society organisations, researchers and UNHCR. To this end, we invite you, our partners from civil society, academia and research institutions, to share your reporting on developments in asylum law, policies or practices in 2025 by topic as presented in the online survey (**'Part A' of the form**).

We also invite you to share with us any publications your organisation has produced throughout 2025 on issues related to asylum in EU+ countries (**'Part B' of the form**). These may be reports, articles, recommendations to national authorities or EU institutions, open letters and analytical outputs. Your input can cover information for a specific EU+ country or the EU as a whole. You can complete all or only some of the sections.

Please note that the Asylum Report does not seek to describe national systems in detail but rather to present key developments of the past year, including improvements and challenges which remain.

All submissions are publicly accessible. For transparency, contributions will be published on the EUAA webpage and contributing organisations will be listed under the [Acknowledgements](#) of the report.

All contributions should be appropriately referenced. You may include links to supporting material, such as analytical studies, articles, reports, websites, press releases, position papers. Some sources of information may be in a language other than English. In this case, please cite the original language and, if possible, provide one to two sentences describing the key messages in English.

The content of the Asylum Report is subject to terms of reference and volume limitations. Contributions from civil society organisations feed into EUAA's work in multiple ways and inform reports and analyses beyond the Asylum Report.

NB: Similarly to last year, this year's edition of the Asylum Report will be leaner and more analytical, with streamlined thematic sections. The focus will be on key trends in the field of asylum rather than on individual developments. For this reason, information shared by respondents to this call may be incorporated in the Asylum Report in a format different than in the past years. It will also feature prominently as info boxes in the [country overviews](#).

Your input matters to us and will be much appreciated!

Please submit your contribution to the Asylum Report 2026 by Friday, 9 January 2026.
