EUAA reserves the right to change the dates of the above-mentioned training sessions.

In case of a high number of registrations and in order to accommodate the existing training needs, EUAA might decide to organise back-to-back sessions. In such cases, the dates of the additional session(s) will be communicated after the registration deadline.

EUAA has replaced its face-to-face sessions with webinars, tentatively until May 2022, due to COVID-19 precautionary measures. However, depending on the evolving situation, EUAA reserves the right to change the format of delivery from face-to-face to webinar and vice-versa and shall communicate this decision accordingly.

Webinar participants should ensure that they have functional technical equipment and that they are present for the entire duration of the webinar.

EUAA reserves the right to not allow learners to attend the face-to-face session / webinar, in the event that they have not submitted mandatory assignments or completed the required percentage of the online studies. Please note, the percentage rate may vary according to the module taken and will be communicated to the learners at the start of the online studies.

Participation in EUAA training sessions may be limited and restricted based on objective criteria, such as the number of participants registered for each session.

The language of training is English.
