The Reception Conditions Directive in the Pact on Migration and Asylum	28 May 2025	20 June 2025
The new Asylum and Migration Management Regulation (AMMR)	06 June 2025	27 June 2025

The Asylum Procedure in the Pact on Migration and Asylum

The training on Asylum Procedure guides the learner through the asylum procedures, presenting the new and revised provisions with a focus on the Asylum Procedures Regulation (APR). The training highlights aspects such as the basic principles and guarantees and the administrative procedure from the access until a decision is notified to the applicant, including special procedures and the safe country concepts.

The Reception Conditions Directive in the Pact on Migration and Asylum

The training provides learners with knowledge on provision of the new recast Reception Conditions Directive. It focuses on main changes introduced by the Directive related to aspects such as material reception conditions, organisation of reception systems, detention, specific reception needs, pre-integration measures and contingency planning.

The new Asylum and Migration Management Regulation (AMMR)

The training aims to provide learners with knowledge on the highlights of the new Asylum and Migration Management Regulation. More specifically, it enables learners to identify the changes introduced to the criteria and mechanisms for determining the Member State responsible for examining an application for international protection and the main elements of the newly established solidarity mechanism.

Vulnerability in the Pact on Migration and Asylum

While the need to identify, assess and address vulnerability and special needs of applicants for international protection was recognised by the different instruments of the Common European Asylum System, the adoption of the New Pact on Migration and Asylum brings numerous changes that are relevant from the perspective of access to procedures, safeguards, rights and obligations, as well as reception arrangements provided to vulnerable persons, including children. This training aims to provide an overview of the main provisions around vulnerability, as captured across the different instruments of the New Pact on Migration and Asylum.

Contingency planning as part of the Pact on Migration and Asylum

The webinar on Contingency planning template and manual provides participants with insight on the main aspects of the contingency planning methodology suggested by EUAA. The webinar mirrors the manual to outline how Member States can fill in the contingency planning template and offers possibilities to ask questions.
